Research indicates...  
a teacher has 2-3x greater impact  
on student achievement  
than any other aspect of schooling.

# Professional Learning

*This is the value of the teacher,  
who looks at a face and says  
there's something behind that and  
I want to reach that person,  
I want to influence that person,  
I want to encourage that person,  
I want to enrich,*

*I want to call out that person who is behind that face,  
behind that color, behind that language,  
behind that tradition, behind that culture.*

*I believe you can do it. I know what was done for me.*

—Maya Angelou
